### PROJECTS

**Super Quarantine Party** - Developer - March 2020 - <https://super-quarantine-party.herokuapp.com/>  
<https://github.com/2001-second-split/Quarantine-Party>

A Mario-Party style multiplayer game, using Phaser 3 and Socket.IO. As one of four developers on this project, I helped create a minigame, sprites and a turn-based dice roll.

**Totem** - Solo Developer - March 2020 - [github.com/stephbc/TOTEM](https://github.com/stephbc/TOTEM)

Created a mobile application using React Native and Expo for music festivals and other events with large crowds to allow a user to create temporary “totems” and send location information.
